Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. Eczema must be washed out, and so have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years." It will take away the itch the instant you apply it.

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.

TOWNIES FAVORITES

(Continued from Page 9)

were able to beat the Highs. From this it certainly looks as if the Townies are going to take the game. They are heavier than the Highs and their line is faster, and their men are older in the game. This, however, is merely a future. The Highs might prove a double-barreled surprise party and take the game. Pick your team!

What the Highs need is a little more spirit on the side lines. At the game a week from last Saturday there were plenty of classmen there but very little noise. Now there is hardly a crowd of students that will not cheer together for their team if they have a good yell-leader in front of them--someone to start the racket. That is all they need! And there are plenty of fellows going to High who do not play, who could, and perhaps would be willing, to do the leading. It isn't nerve that's needed, it's school spirit.

The Highs will probably line up with Cassidy, Brush, Melin and Kahawai in the backfield. Cassidy and Brush are old players and play a consistent game, Cassidy being a good hand at booting the leather.

Hoogs, Hosa, "Squid" Marcellino and Aldrich will probably be in back of the Townies' line, and Hoogs, whose punting was the feature of the game last Saturday, will without a doubt be there with the goods again. Captain Paty may decide to make some changes before the game next Saturday, and these will be announced later.

COMMUNICATED.

The sporting editor of the Star-Bulletin received the following letter yesterday morning after the forms were closed for the sporting section. It was much to his regret that it was forced to hold it over until today as it contained much valuable information. The letter is as follows:

Honolulu, T. H.

November 4, 1912.

Sporting Editor, Honolulu, Star-Bulletin.

Dear Sir:

Louie Leal, playing halfback for the second Town Team, played a star game against the Punahou seconds in spite of their losing.

KAALI PLANS TO TAKE CLUB ON WORLD TOUR

With the object of completing negotiations for a world tour with his company, Ernest Kaali, leader of the Kaali Glee Club, leaves for San Francisco on the Wilhelmina tomorrow. Providing the arrangements prove satisfactory, he will return to the Islands in a few weeks.

The negotiations for this tour have been with a London syndicate, and when the route is completed will take the musicians through Canada with an occasional trip across the border to play the larger cities in the States. On arriving in the East they will play the circuit north and south before leaving for Europe. There will probably be side trips in Great Britain before starting on the preliminary route which will carry them to London, Paris, Berlin, Vienna, Rome and Venice, and then to South Africa, Australia, the Orient and the Philippines. The trip will probably occupy more than a year.

After Mr. Kaali had closed with the Shriners in Los Angeles, on his last trip to the coast, he received a great deal of encouragement on a trip of this kind, and the world tour was suggested to him by Chicago musicians. Negotiations were begun with the London syndicate, and as far as they have gone he is very well satisfied, but as there are a few minor details to be looked after, his trip to the Coast will be to get these settled. The trip is expected to begin early next year, and the entire glee club will probably be taken away.

Allan Herbert, one of the oldest Democrats in Hawaii, voted at the Presidential election of 1856, when Buchanan was elected. The only Republican candidate he voted for after that was Abraham Lincoln. Mr. Herbert has been a delegate from Hawaii to Democratic national conventions, although illness held him up on the way to the one that nominated Wilson.

KAMAANA DIES; AMPUTATION OF LEG IS CAUSE

HILO, Hawaii, November 4.—Benjamin B. Macy, one of the oldest Kamaana on the island of Hawaii died in this city on Saturday as the result of blood poisoning and complications following an operation in which one leg was amputated. The funeral took place on Sunday and was largely attended. Mr. Macy was a native of Nantucket, Mass., coming to Hawaii fifty-one years ago, as the result of a visit made here by his brother George Macy, who came out in a whaler and settled in Hawaii. For many years the two brothers lived on a ranch in Kohala where they raised potatoes and other supplies for the whalers who were numerous in those days.

With the late Charles Richardson, Mr. Macy was the founder of the present Waialeale plantation and held positions as head luna on various plantations on this island. He leaves a family of two boys and seven girls, among the latter being Mrs. H. V. Patten, Mrs. James Henderson, Mrs. William Cullen and Mrs. William Rheinhardt.

BISHOP'S SUCCESSOR IS EXPERT ENGINEER

HILO, Hawaii, November 4.—The most important action taken last Saturday at the meeting of the Loan Commissioners for this island was the appointment of Milton J. Adams to fill the vacancy made by the resignation of H. K. Bishop as road engineer for this island. Mr. Adams is a native of Boston and obtained his education in the public schools of that city, then going into the employ of the Massachusetts State Highway Commission. He was also connected with the important work on the Charles River basin in Boston and before coming to Hawaii was for four years and a half with the New York State Highway Commission.

The contract for the building of the stretch of road from the Mud Lane Junction to Ahualoa was awarded to Arrie Bros., the lowest bidders, the Hilo Mercantile company going on the bond. The contractors stated that they expected to be able to start work in about a month and a half, this delay being on account of the fact that they were waiting for air compressors and drills, as well as other machinery with which the best class of work could be done. Their ideas in this line received the kooka of Engineer Bishop.

A petition was received from Senator David K. Baker and seventeen others against the construction of a frame building for the schoolhouse at Napoosoo. Commissioner Lewis stated that this was not the general feeling, as the people were anxious to have a school, and account of the fact that many of the children had to go three to four miles at present to other schools on account of the overcrowded condition at Napoosoo. Since this condition existed and the \$8000 available would not be enough for a concrete building, it was decided to go ahead with the contract at once.

A woman will always stick up for the man who lives next door if she happened to see him just once out in the front yard helping his wife water the flowers.
